NEWSLETTER and Questionnaire 2.

Dear Parish Residents and Businesses Owners,

Please find attached a Questionnaire for you to complete about our parish's draft Neighbourhood Plan (NP) which the NP Steering Group has prepared with the help of Wiltshire Council and professional planning consultants. This Questionnaire features the Key Objectives of the Plan and asks you let us know whether you are happy with them.

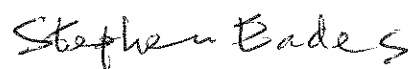

The draft Plan and its Key Objectives have been prepared to express the Plan's Vision which is based on the views of residents in response to an earlier Questionnaire a little while back. This Vision is, in short, to develop our Neighbourhood in a balanced and sustainable way, building on the continuity of our farming strengths and rural setting and ensuring that a sympathetic relationship is maintained with both the countryside and our built and historic heritage. The Key Objectives express this Vision in key planning areas.

This Questionnaire is your opportunity to check the correctness of these Key Objectives. We have made the form simple to complete so all you need to do is to place a tick (if you agree) or a cross (if you disagree) in each box. Space is also provided for comments should you wish to suggest any amendments to what is proposed.

Everyone has been sent a questionnaire and it is most important that each of you have your say. This will provide validity to the final Plan which will be checked by Wiltshire Council and then a Planning Inspector before coming back to you in a Referendum.

Please give this Questionnaire your early attention and then return it to the NP Steering Group in the stamped addressed envelope which is enclosed for your use. Thank you for your participation and assistance. We would be very grateful for your response by the 30th June 2020.

Yours sincerely

Stephen Eades

Secretary, NP Steering Group.
